

Enook Factory Sliver Fish 36v 10ah 250w Electric Bike Battery/lithium Ion Battery Pack/ebike Battery

Our Product Introduction

for more products please visit us on enookbattery.com

Basic Information

- Place of Origin: china
- Brand Name: enook
- Certification: IC
- Model Number: Lifepo4 Battery

Product Specification

- Application: Electric Bike/ Bicycle/ Motorcycle/ Ebike
- Color: Black
- Motor: 250w/350w/500w
- Battery Type: LiFePO4
- Estimate Weight: 4kg
- Size: Customizable
- Installation: Downtube Frame

Products Description

Sliver Fish
48V 20Ah 10Ah
15Ah 20Ah white
bicycles
battery

48V 20Ah
Lithium Ion
Battery Pack

Welcome OEM

- "Customized" battery voltage, capacity size and case.
- "Customized" BMS charging and discharging current balance function with communication protocol, etc.
- "Customized" connect plug and socket/Cable waterproof
- "Customized" special battery pack for any applications.

QUALITY

Battery Name	Sliver Fish ebike battery Lithium battery pack
Nominal voltage	48V 36V
Nominal Capacity	10Ah Can be customized
Standard discharge current	0.2C
Max discharge current	1C
Standard charge current	0.2C
Fast charge current	0.4C
Self discharge rate after 30 days	2.4±0.05V
Over charge protection voltage (V)	4.20±0.02V
Discharge working temperature	-20~60°C
Charge working temperature	0~45°C
Recombination temperature	23±2°C
Weight	about 4.2kg

We will different cells for different applications.

Product Description

Product Description:

E Bike Battery - The Ultimate Power Source for Your Electric Ride

Are you tired of constantly having to recharge your electric bike's battery? Do you want a reliable and long-lasting power source for your electric bike? Look no further, because the E Bike Battery is here to revolutionize your electric riding experience.

Our Product

Product Overview

The E Bike Battery is a high-performance battery designed specifically for electric bikes, bicycles, motorcycles, and ebikes. With its compact size and lightweight design, it is the perfect power source for your electric ride. Made from top-quality materials and advanced technology, this battery offers unmatched performance and durability.

Products Description

Welcome OEM

- “Customized” battery voltage, capacity, size and case.
- “Customized” BMS charging and discharging current, balance function with communication protocol, etc.
- “Customized” connect plug and socket Cable, waterproof
- “Customized” special battery packs for any applications

15Ah 20Ah ebike bicycles
battery case 18650
Lithium ion Battery Pack

Key Features

Estimate Weight: the E Bike Battery is lightweight and easy to handle, making it the perfect choice for your electric ride.

Motor: Available in 250w, 350w, and 500w options, this battery is compatible with a wide range of electric motors, ensuring a smooth and powerful ride.

Battery Type: The E Bike Battery is powered by Lithium ion battery, known for its high energy density, long lifespan, and stable performance.

Application: This battery is specifically designed for electric bikes, bicycles, motorcycles, and ebikes, making it the go-to choice for all your electric rides.

Size: With dimensions of 360*90*110mm, this battery is compact and can easily fit into the battery compartment of your electric ride.

Why Choose E Bike Battery?
The E Bike Battery stands out from other batteries in the market due to its exceptional features and benefits. Here are some reasons why you should choose this battery for your electric ride:

High-Quality Materials - The E Bike Battery is made from top-quality materials to ensure superior performance and durability.

Advanced Technology - This battery utilizes advanced technology to provide a stable and efficient power source for your electric ride.

Long Lifespan - With its 3.2V LiFePO4 Battery, the E Bike Battery has a longer lifespan compared to other batteries, reducing the need for frequent replacements.

Easy to Install - This battery is designed for easy installation, making it convenient for users to replace their old batteries with the E Bike Battery.

Cost-Effective - The E Bike Battery offers great value for money, with its long lifespan and high performance, making it a cost-effective choice for your electric ride.

Final Thoughts

The E Bike Battery is a game-changer in the world of electric rides. With its lightweight design, powerful performance, and long lifespan, it is the ultimate power source for your electric bike, bicycle, motorcycle, or ebike. Don't settle for less, choose the E Bike Battery and experience the difference in your electric ride.

Features

We are a lithium battery manufacturer, so we can provide you with customized services;
The capacity and dimension can customize according to your request:

- 01** Customized battery size and shell material
- 02** Customized BMS charging and discharging current
- 03** Customized connect plug and socket, connector wire

[product name] : Lithium battery case

[shell material] : Aluminum alloy

[Applicable voltage] :48V

[Product color] : Silver black

[Scope of application] : Suitable for many brands of 48v lithium battery casings on the market

Applications:

E Bike Battery - enook

Brand Name: enook

Model Number: Lifepo4 Battery

Place of Origin: China

Certification: IC

Introducing the enook E Bike Battery - the perfect power source for your electric bike, bicycle, motorcycle, or ebike. Made in China with top-notch quality and certified by IC, this battery is guaranteed to provide long-lasting and reliable performance.

Application

The enook E Bike Battery is specially designed for use in electric bikes, bicycles, motorcycles, and ebikes. It is the ideal power source for all your outdoor adventures, whether you're commuting to work, exploring new trails, or simply cruising around town.

Battery Type

Our E Bike Battery uses the latest technology in lithium ion batteries - the 3.2V 202Ah Lithium ion battery. This type of battery is known for its high energy density, fast charging capabilities, and long cycle life. It is also environmentally friendly and safe to use.

Installation

The enook E Bike Battery is designed for easy installation on the downtube frame of your bike. This allows for a streamlined and secure fit, ensuring that the battery stays in place even on rough terrain.

Case

The enook E Bike Battery comes in a durable and weather-resistant Hailong case. This provides an extra layer of protection for the battery and ensures that it can withstand any outdoor conditions.

Upgrade your electric bike with the enook E Bike Battery and experience the ultimate power and convenience on your rides. Don't settle for anything less than the best - choose enook for your ebike battery needs.

Recommended storage temperature	23 ± 5°C
Weight	about 4.2Kg
We will different cells for different applications.	

Packing and Shipping:

Packaging and Shipping

Thank you for choosing our E Bike Battery! Before shipping, we take great care in packaging our products to ensure they arrive at their destination safely and in perfect condition.

Packaging

Our E Bike Battery is packaged in a sturdy and durable box, designed specifically to protect the battery during transportation. The box is made from high-quality materials and is carefully sealed to prevent any damage during shipping.

Inside the box, the battery is placed in a foam insert that provides extra cushioning and protection. We also include a user manual and any necessary accessories to ensure a smooth and easy installation process.

Shipping

We offer various shipping options to accommodate your needs and location. Our preferred method of shipping is through reputable carriers such as UPS, FedEx, or DHL. However, we are also able to arrange for special shipping requests if needed.

Once your order has been processed and shipped, we will provide you with a tracking number so you can monitor the progress of your package. Our goal is to ensure your E Bike Battery arrives in a timely and secure manner.

If you have any questions or concerns about the packaging or shipping of your E Bike Battery, please do not hesitate to contact us. We are committed to providing the best customer service and ensuring your satisfaction with our product. Thank you again for choosing our E Bike Battery. Happy riding!

Company Introduction

Company Introduction

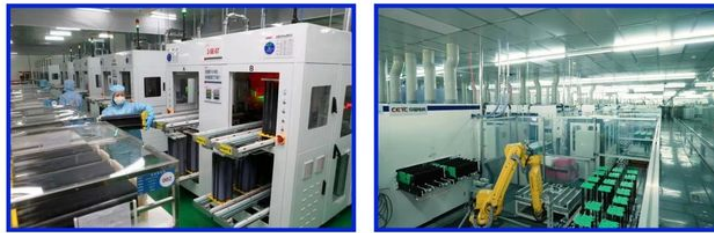

ShenZhen Enook Technology Co., Ltd company is professional manufacturer and supplier of lithium energy solutions, E-bike battery pack, which focus on manufacturing and designing of lithium cells and battery packs

Quality first is our principle, Satisfying all our customers is our tenet, win-win business is our aim. Dedicated to strict quality control and thoughtful customer service, our experienced staff members are always available to discuss each detailed requirements from customer and ensure full customer satisfaction.

In addition, we have obtained certificates. MSDS UN38.3 MSDS, ROHS, UL, etc. All our products keep selling well not only around China, but also in USA, Philippines, Germany, England, Australia, Russia, France and other European and Asia countries.

Fast delivery is one of our advantages, selecting a current product from catalogue, or customized products, 3~5 days is the normal time to prepare for the goods, OEM & ODM orders can be acceptable.

Quality is our life, price is our core competence, please don't hesitate to contact us if you have any requirement, we'll provide our best service to you.

Has passed CE certification and ROHS certification, excellent quality the company has obtained a number of patented technologies.

FAQ

Q1: When are you available?

A1: 24 hours online every day, messages will be replied once received.

Q2: What's your main products?

A2: Lithium battery, Lipo battery, LiFePO4 battery, battery packs, etc. For cylinder battery.

Q3: How is the quality of the products?

A3: 1. Always provide the premium authentic products, never fake.
2. Only provide A Grade cells

Q4: Do you provide the OEM&ODM service?

A4: Yes, we are experienced factory can provide OEM & ODM services.

Q5: How do we place an order?

A5: Step1. Contact us
Step2. Confirm products you need, the price and other details
Step3: We make PI(Proforma Invoice) for you to make payment
Step4: Payment finished
Step5: Payment checking by our accountant
Step5: Products packed and shipped (tracking number will be provided once shipped out)
Step6: Customer get the products and feedback

Q6: What's the lead time?

A6: 1. Sample orders: 1-3 working days
2. Bulk orders: 3-7 working days according to different quantities
3. OEM: 7-12 working days on receipt of sample confirmation
