

## 24 Volt 250w Folding Electric Bicycle Lithium Silver Fish Ebike Battery 24v

Our Product Introduction

for more products please visit us on [enookbattery.com](http://enookbattery.com)

### Basic Information

- Place of Origin: china
- Brand Name: enook
- Certification: IC
- Model Number: Lifepo4 Battery

### Product Specification

- Battery Type: Lithium Ion
- Size: Customized
- Case: Sliver Fish
- Estimate Weight: Customized
- Battery Name: Silver Fish Ebike Battery Lithium Battery Pack
- Recommended Storage Temperature:  $23 \pm 5^{\circ}\text{C}$
- Color: Sliver
- Voltage/Capacity: 48V 36V
- Highlight: **Ebike Battery 24v,  
Folding Electric Bicycle Lithium Battery,  
250w Folding E Bike Battery**

### Product Description

#### Product Description:

E Bike Battery: Silver Fish Ebike Battery Lithium Battery Pack

Introducing the Silver Fish Ebike Battery – the perfect power source for your electric bike. This high-quality lithium battery pack is designed with the latest technology to provide reliable and long-lasting performance. It is customized to meet your specific needs and is the perfect fit for your electric bike.

Size: Customized

The Silver Fish Ebike Battery is available in a variety of sizes to fit your electric bike. Our team of experts will work with you to customize the battery size based on your bike's specifications, ensuring a perfect fit.

Case: Silver Fish

The Silver Fish case is specifically designed for electric bikes, providing a sleek and compact design. This case is lightweight and durable, making it the ideal choice for your electric bike battery.

Voltage/Capacity: 48V/36V

The Silver Fish Ebike Battery is available in two voltage options – 48V and 36V – to suit your specific bike's power requirements. Our high-capacity battery allows for a longer ride time, making it perfect for long-distance trips.

Estimate Weight: Customized

We understand the importance of weight when it comes to electric bikes. That's why we offer customized weight options for our Silver Fish Ebike Battery, ensuring that your bike's balance and performance are not affected.

Battery Name: Silver Fish Ebike Battery Lithium Battery Pack

Our Product Introduction

fo

Our Silver Fish Ebike Battery is equipped with 3.2V 202Ah Lithium ion battery cells, providing a powerful and reliable energy source for your electric bike. These high-quality batteries are designed for long-term use, ensuring a smooth and efficient ride every time. With the Silver Fish Ebike Battery, you can ride with confidence and peace of mind, knowing that you have a high-performance battery pack powering your electric bike. Don't settle for anything less – choose the Silver Fish Ebike Battery for an unparalleled riding experience.

## Products Description

**Silver Fish  
48V 36V 10Ah  
15Ah 20Ah ebike  
bicycles  
battery**

**case 18650

Battery Pack**

### Welcome OEM

- “Customized” battery voltage, capacity, size and case.
- “Customized” BMS charging and discharging current, balance function with communication protocol, etc.
- “Customized” connect plug and socket Cable, waterproof
- “Customized” special battery packs for any applications

### QUALITY

Authoritative review  
CE, UL, SGS, FCC, ROHS,  
and ISO9001:2000  
certified

### EXPERIENCE

We have been in lithium  
battery pack for more  
than 10 years

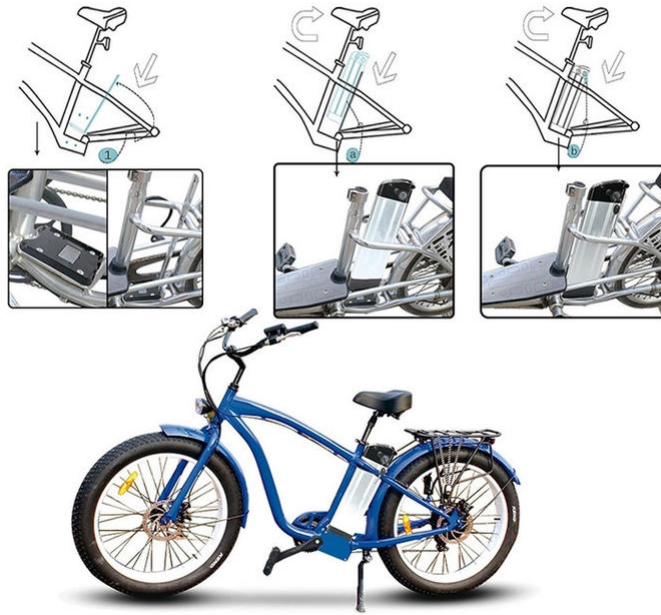

### EQUIPMENT

Silver Fish 48V 36V 10Ah  
15Ah 20Ah ebike bicycles  
battery case 18650  
Lithium Ion Battery Pack

### Features:

Product Name: E Bike Battery  
Battery Type: Lithium Ion  
Size: Customized  
Voltage/Capacity: 48V 36V  
Color: Silver  
Case: Silver Fish  
3.2V LiFePO4 Battery  
3.2V LiFePO4 Battery

Case	Silver Fish	Silver Fish	
Color	Silver	Silver	

## Features

We are a lithium battery manufacturer, so we can provide you with customized services;  
The capacity and dimension can customize according to your request:

- 01 Customized battery size and shell material
- 02 Customized BMS charging and discharging current
- 03 Customized connect plug and socket, connector wire

[product name] : Lithium battery case	[shell material] : Aluminum alloy
[Applicable voltage] :48V	[Product color] : Silver black
[Scope of application] : Suitable for many brands of 48v lithium battery casings on the market	

## Applications:

E Bike Battery - enook

Product Description

The E Bike Battery by enook is a high-quality and reliable power source for electric bikes. It is designed specifically to meet the needs of electric bike users, offering long-lasting performance and durability.

Brand Name: enook

The E Bike Battery is proudly manufactured by enook, a trusted brand in the field of battery technology. With years of experience and expertise, enook is committed to providing customers with top-of-the-line products.

Model Number: Lifepo4 Battery

The E Bike Battery is equipped with a 3.2V LiFePO4 Battery, which is known for its high energy density and stable performance. This ensures that your electric bike runs smoothly and efficiently.

Place of Origin: China

All E Bike Batteries are made in China, where enook has its state-of-the-art manufacturing facilities. This guarantees that each battery undergoes strict quality control measures and meets international standards.

Certification: IC

The E Bike Battery has received the IC certification, which is an internationally recognized standard for safety and quality. This means that the battery has been tested and approved to be safe for use in electric bikes.

Estimate Weight: Customized

The weight of the E Bike Battery is customized according to the specific needs of the customer. This ensures that the battery is not too heavy or too light, providing a perfect balance for your electric bike.

Battery Name: Silver Fish Ebike Battery Lithium Battery Pack

The E Bike Battery is also known as the Silver Fish Ebike Battery Lithium Battery Pack. This name reflects the sleek and slim design of the battery, making it easy to install and integrate into your electric bike.

Case: Silver Fish

The E Bike Battery comes in a Silver Fish case, which is not only stylish but also durable. It protects the battery from external damage and ensures its longevity.

Size: Customized

The size of the E Bike Battery is customized to fit different models of electric bikes. This ensures a perfect fit and seamless integration with your electric bike.

Battery Type: Lithium Ion

The E Bike Battery is a Lithium Ion battery, which is known for its high energy density, fast charging, and long cycle life. This means that you can ride your electric bike for longer periods without worrying about the battery running out of power.

Application and Scenarios

The E Bike Battery is suitable for a wide range of applications and scenarios, including:

Urban commuting: The E Bike Battery is perfect for daily commutes, making it easy and convenient to travel around the city without relying on public transportation.

Outdoor adventures: Whether you're exploring the countryside or hitting the trails, the E Bike Battery provides reliable power for your electric bike, allowing you to go further and experience more.

Food delivery: With the rise of food delivery services, the E Bike Battery is a great choice for delivery riders. It provides long-lasting power, ensuring that you can complete your deliveries without any interruptions.

Recreational rides: Whether you're riding for leisure or exercise, the E Bike Battery offers a smooth and enjoyable riding experience. It allows you to cover more distance without getting tired.

Conclusion

The E Bike Battery by enook is a top-of-the-line power source for electric bikes. With its high-quality components, customized design, and reliable performance, it is the perfect choice for anyone looking for a durable and efficient battery for their electric bike.

## Applications

### Our products have a very widely range of use

**A**

The battery pack can be used in electronic vehicles, tricycles, ebike, solar energy storage system, camper, cans, electronic boat, marine ship etc.,

**E-Scooter**

**Balance E-scooter**

**E-Bike**

**E-Motorcycle**

**Golf Cart**

**RC Drone**

**Solar Street Light**

**SolarWind Energy**

**Mobile Headlight**

**Waterpump**

**Power Tools**

**Stereo Set**

**B**

We use high quality cells, such as 18650 21700 or Lifepo4 batteries, we use different cells for different applications

**C**

We have been in lithium battery pack for more than 10 years and know how to provide you the right solution for you. Just let us know your detail application and request then we will choose the best solution for you.

### Customization:

Customized Service for enook E Bike Battery

Brand Name: enook

Model Number: Lifepo4 Battery

Place of Origin: China

Certification: IC

Color: Silver

Case: Silver Fish

Estimate Weight: Customized

Voltage/Capacity: 48V/36V

Recommended Storage Temperature:  $23 \pm 5^{\circ}\text{C}$

At enook, we offer customized services for our E Bike Battery to meet your specific needs and requirements. Our high-quality product, the 3.2V LiFePO4 Battery, is the perfect choice for your E Bike. With a capacity of 202Ah, our 3.2V 202Ah Lithium ion battery is designed to provide long-lasting power for your bike.

Our team of experts will work closely with you to determine the best voltage and capacity for your E Bike Battery. We offer both 48V and 36V options, so you can choose the one that suits your bike's needs.

In addition, our E Bike Battery comes with a sleek and durable Silver Fish case, providing both protection and style. The estimated weight of our battery can also be customized according to your preferences.

Our E Bike Battery is certified by IC, ensuring its safety and reliability. We recommend a storage temperature of  $23 \pm 5^{\circ}\text{C}$  for optimal performance and longevity of the battery.

Choose enook for your E Bike Battery needs and experience our top-notch customized service. Contact us now to learn more!

## CERTIFICATES

**OUR CERTIFICATES GIVE YOU RELIABLE  
SUPPORT FOR YOUR ORDERS**

### Packing and Shipping:

#### Packaging and Shipping for E Bike Battery

Our E Bike Battery is carefully packaged to ensure safe and secure delivery to our customers. The battery is first wrapped in protective foam to prevent any damage during transportation. It is then placed in a sturdy cardboard box with additional padding for extra protection. The box is sealed with high-quality tape to ensure it stays intact during shipping.

We offer two shipping options for our customers: standard and expedited. Our standard shipping typically takes 3-5 business days, while our expedited option delivers within 1-2 business days.

For international orders, we use specialized packaging materials to comply with shipping regulations and ensure the battery arrives safely. We also provide tracking information for all shipments so customers can monitor the status of their order.

Our packaging and shipping process is designed to provide our customers with peace of mind knowing that their E Bike Battery will arrive in excellent condition and on time.

## PACKAGING

### PACKAGING

### Shipping by

*Professional suggestion to choose the best shipping delivery (Such as EMS DHL TNT UPS and FEDEX) for your commodities according to your demand.*
