Basic Information

- Place of Origin: china
- Brand Name: Enook
- Model Number: Enook Battery Pack
- Payment Terms: TT PAYPAL

PRODUCT PARAMETERS

12V: 50AH/100AH/150AH/200AH/300AH
24V: 50AH/100AH/200AH

Product Specification

- Cycle Life: 3000~6000Times
- Safety Protection: Overcharge Protection, Over-discharge Protection, Short Circuit Protection, Over-current Protection
- Product Name: Enook Battery Pack
- Capacity: Customized
- Voltage/Capacity: Customized
- Battery Type: LifePo4 Lithium Battery Packs
- Application: Electric Bicycles/Scooters
- OEM/ODM: Acceptable
- Highlight: 60V Battery Pack, 40Ah Battery Pack, 5Ah Battery Pack

Product Description

Product Description:

Lithium Ion Battery Pack - Product Overview

Our Lithium Ion Battery Pack is a high-performance and reliable power source designed specifically for electric bikes. With advanced safety protection and customizable voltage/capacity options, it is the perfect solution for your electric bike needs.

Our Product

Product Attributes

Safety Protection: Our battery pack comes with multiple safety features including overcharge protection, over-discharge protection, short circuit protection, and over-current protection. This ensures the safety of both your battery and your electric bike.

OEM/ODM: We offer OEM/ODM services, allowing you to customize the design and specifications of your battery pack to meet your specific requirements.

Cycle Life: Our battery pack has a long cycle life of 3000~6000 times, providing you with reliable and long-lasting power for your electric bike.

Voltage/Capacity: Our battery pack is highly customizable, allowing you to choose the voltage and capacity that best suits your electric bike. We offer options for 48v, 60v, and 72v with a capacity of 40ah.

Battery Type: Our Lithium Ion Battery Pack uses Lifepo4 lithium battery packs, known for their high energy density, long cycle life, and stable performance.

Key Features

Our Lithium Ion Battery Pack is specifically designed for electric bikes, making it the perfect choice for your power needs. It offers the following key features:

High-performance and reliable power source

Advanced safety protection

OEM/ODM services available

Long cycle life of 3000~6000 times

Customizable voltage and capacity options

Uses Lifepo4 lithium battery packs for optimal performance

Application

Our Lithium Ion Battery Pack is ideal for use in electric bikes, providing a reliable and long-lasting power source. It is suitable for both personal and commercial use, and can be customized to meet the specific needs of your electric bike.

Conclusion

In conclusion, our Lithium Ion Battery Pack is a top-of-the-line power source for your electric bike, offering advanced safety protection, customizable options, and high-performance features. With our battery pack, you can enjoy a smooth and worry-free ride every time.

PRODUCT COMPOSITION

Applications:

Enook Battery Pack - The Perfect Power Source for Your Electric Bicycles and Scooters

Are you tired of constantly running out of battery while riding your electric bicycle or scooter? Look no further, because Enook Battery Pack is here to provide you with a reliable and long-lasting power source!

Product Overview

The Enook Battery Pack is a high-quality lithium ion battery designed specifically for electric bicycles and scooters. It is a product of Enook, a well-known brand in the battery industry, and is known for its exceptional performance and safety features.

The battery pack comes in various models, including 48v, 60v, and 72v, and has a capacity of 40ah. This means that you can choose the perfect battery pack that suits your needs and preferences.

Product Features

Long Cycle Life: The Enook Battery Pack has a cycle life of 3000~6000 times, making it a durable and cost-effective choice for your electric bicycle or scooter.

High Safety Protection: Our battery pack is equipped with multiple safety features, including overcharge protection, over-discharge protection, short circuit protection, and over-current protection. This ensures the safety of both you and your vehicle.

Customizable Design: At Enook, we understand that every electric bicycle and scooter is unique. That's why we offer OEM and ODM services to customize our battery pack according to your specific requirements.

Application and Compatibility

The Enook Battery Pack is suitable for all kinds of electric bicycles and scooters. Whether you have a foldable electric bike for your daily commute or a powerful electric scooter for off-road adventures, our battery pack is the perfect power source for all your needs.

Place of Origin and Payment Terms

The Enook Battery Pack is proudly made in China, where we have a state-of-the-art manufacturing facility that ensures the highest quality standards. We offer flexible payment terms, including TT and PayPal, for your convenience.

Order Now and Enjoy Endless Rides!

Don't let a dead battery stop you from enjoying your electric bicycle or scooter. Order your Enook Battery Pack today and experience the convenience, reliability, and safety it offers. Contact us now to place your order or to learn more about our product!
