

Standard Voltage 12.8V Lithium Ion Electric Bike Battery Pack Led Light Stand Floor Fan For Emergency

Our Product Introduction

for more products please visit us on enookbattery.com

Basic Information

- Place of Origin: china
- Brand Name: Enook
- Model Number: Enook Battery Pack
- Payment Terms: TT PAYPAL

Product Specification

- Operating Temperature: -10 ~+50°C
- OEM/ODM: Acceptable
- Cycle Life: 3000-6000 Cycles @ DOD80%/25degree/0.5C
- Cooling Method: Natural Cooling
- Working Humidity: 65+-20%RH
- Voltage/Capacity: Customized
- Working Altitude: ≤2500m
- Standard Voltage: 12.8V
- Highlight: IP65 Installation Lithium Ion Battery Pack , 12.8V Lithium Ion Battery Pack , Standard Voltage Lithium Ion Battery Pack

Product Description

Product Description:

The Lithium Ion Battery Pack is designed with natural cooling technology, which allows heat to dissipate naturally, preventing overheating and ensuring long-term reliability. Its working altitude is $\leq 2500\text{m}$, making it suitable for use in a wide range of environments.

The Lithium Ion Battery Pack is designed to operate in temperatures ranging from $-10 \sim +50^{\circ}\text{C}$, making it suitable for use in a variety of weather conditions. It is a versatile battery pack that is ideal for use in electric bikes, providing reliable power for long periods of time.

The Lithium Ion Battery Pack has a capacity of 640Wh, providing ample power for electric bikes. It is suitable for use with 48v, 60v, and 72v 40ah battery packs, making it a versatile power source for a wide range of electric bikes.

Brand Name	enook
Model Number	Lifepo4 Lithium Battery Packs
Battery Size	18650
Place of Origin	China
Weight	Customized
The charging ratio	50C
The discharge rate	100
Nominal Voltage	12V
OEM/ODM	Acceptable
Nominal Capacity	5Ah
Color	Black
Type	Li-Ion/lithium/lifepo4
Brand	OEM Customized
Weight	0.9KG
Features	High Power Density
Keywords	Lithium Ion /lifepo4 Battery Pack
Applcation	E-motorcycle

Overall, the Lithium Ion Battery Pack is a reliable and efficient power source for electric bikes. Its lightweight design, natural cooling technology, and wide operating temperature range make it ideal for use in a variety of environments. With a capacity of 640Wh, it provides ample power for long rides, making it a must-have for any electric bike enthusiast.

Features:

Product Name: Lithium Ion Battery Pack
Installation: IP65
Cycle life: 3000-6000 Cycles @ DOD80%/25degree/0.5C
OEM/ODM: Acceptable
Standard Voltage: 12.8V
Voltage/Capacity: Customized
Compatible with 48v 60v 72v 40ah battery pack
Compatible with 48v 60v 72v 40ah battery pack
Compatible with 48v 60v 72v 40ah battery pack

Applications:

The Enook Battery Pack is available in a variety of specifications, including a 12V50AH model with a net weight of 9KG and a capacity of 640Wh. This battery pack is suitable for a range of electric bike models and can be customized to meet your specific voltage and capacity needs.

Whether you need a lithium-ion electric bike battery pack for personal use or for your business, the Enook Battery Pack is an excellent choice. It has a natural cooling method, ensuring that the battery stays at a safe temperature during use.

The Enook Battery Pack is also suitable for a variety of other applications beyond electric bikes. It can be used to power drones, electric scooters, and other electronic devices. With its high-quality construction, you can trust the Enook Battery Pack to provide reliable power for your devices.

Payment for the Enook Battery Pack can be made through TT or PayPal, making it easy to purchase this high-quality battery pack.

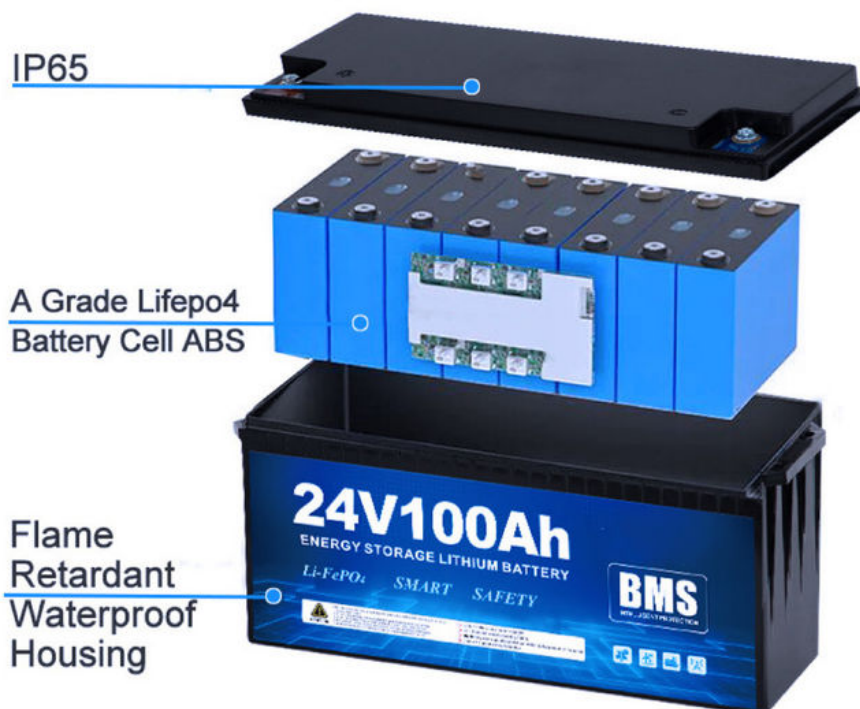

Whether you need a 48v 60v 72v 40ah battery pack or a lithium-ion electric bike battery pack, the Enook Battery Pack has you covered.

Customization:

Our Product Customization Services offer a range of options for you to choose from, including the voltage and capacity of the battery pack. We offer convenient payment terms of TT PAYPAL to make your purchase hassle-free. If you're looking for a reliable and efficient lithium ion electric bike battery pack, the Enook Battery Pack is the perfect choice for you.

PRODUCT COMPOSITION

Support and Services:

The Lithium Ion Battery Pack product comes with a comprehensive technical support and services package, including:

- Remote technical support for troubleshooting and problem resolution
- On-site technical support for installation and maintenance
- Regular software updates to ensure optimal performance
- Training and education for end-users and technicians
- Warranty and repair services

Our team of experienced technicians is available to provide assistance and support to ensure the smooth operation of your Lithium Ion Battery Pack product.

Packing and Shipping:

Product Packaging:

The Lithium Ion Battery Pack will be carefully packaged in a sturdy, corrugated cardboard box to ensure safe transit. The package will also include appropriate cushioning materials to prevent any damage during shipping.

Shipping:

Our standard shipping method for the Lithium Ion Battery Pack is via ground shipping. We use reliable carriers to ensure timely and safe delivery. Shipping times may vary depending on your location and shipping method selected at checkout.
