

6000 Times Cycle Life LiFePO4 Battery Pack Lithium Iron Phosphate Battery

Our Product Introduction

for more products please visit us on enookbattery.com

Basic Information

- Place of Origin: china
- Brand Name: Enook
- Model Number: Energy Storage Battery

ENOOK™

Product Specification

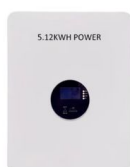

- Feature: Smart
- Dimension(L*W*H): 445*565*182mm
- Battery Type: Lithium Ion, LiFePO4, Other
- OEM/ODM: Acpted
- Rated Frequency: 50-60HZ
- Application: Home Solar Power System
- Cycle Life: 6000 Times
- Highlight: **6000 Times LiFePO4 Battery Pack, LiFePO4 Lithium Iron Phosphate Battery**

Product Description

Product Description:

The Home Energy Storage Battery is rated at 50-60HZ, which means it is compatible with a wide range of power systems. It has an input battery voltage range of 40-58.4V, which allows it to work seamlessly with different types of solar panels and inverters.

The Home Energy Storage Battery has a protection grade of IP20, which makes it resistant to dust and water. This makes it ideal for use in harsh environments and ensures it remains durable and reliable over time.

The Home Energy Storage Battery is a PowerWall 51.2V 100Ah battery that is designed to provide reliable power for your home. With its smart features, it can intelligently manage power and optimize its performance to meet your specific needs.

Whether you are looking to power your home with solar energy or simply want a reliable backup power source, the Home Energy Storage Battery is the perfect solution. With its advanced features and exceptional performance, you can be sure that it will meet all your power needs and provide reliable power for years to come.

Features:

Product Name: Home Energy Storage Battery

Application: Home Solar Power System

Warranty: 5 Years

OEM/ODM: Accepted

Dimension(L*W*H): 445*565*182mm

Feature: Smart

Battery Type: lithium iron phosphate Battery

Battery Capacity: PowerWall 51.2V 100Ah

Applications:

The Energy Storage Battery is perfect for a variety of applications in the home, including:

Backup power during power outages

Storing energy during off-peak hours for use during peak hours, reducing energy bills

Storing energy generated from renewable sources, such as solar panels, for use at a later time

Providing power to off-grid homes or cabins

This product is designed to have a long cycle life of up to 6000 times, which means it can be used for many years without needing to be replaced. Additionally, the Energy Storage Battery has a smart feature that allows it to be controlled and monitored remotely, making it easy to manage and optimize energy usage.

The input battery voltage range for the Energy Storage Battery is between 40 and 58.4V, making it compatible with a wide range of energy sources.

In conclusion, the enook Energy Storage Battery is an excellent investment for homeowners looking to reduce their energy costs and live a more sustainable lifestyle. Its Lifepo4 battery technology ensures long-lasting performance, while its smart features make it easy to manage and optimize energy usage.

Customization:

Customize your enook Energy Storage Battery to fit your specific needs with our Product Customization Services. Our Smart Energy Storage Battery is made with high-quality Lifepo4 battery cells and has an input battery voltage range of 40-58.4V. With our OEM/ODM services, we can tailor the dimensions of the Energy Storage Battery to your exact specifications. The Energy Storage Battery has a dimension of 445*565*182mm and is proudly made in China.

Support and Services:

Our Home Energy Storage Battery product comes with comprehensive technical support and services to ensure that you get the most out of your investment. Our team of experts is available to assist you with any questions or issues you may have.

Our services include:

Installation assistance

System monitoring and maintenance

Troubleshooting and repair

Software and firmware updates

Remote technical support

We are committed to providing our customers with the highest level of support and service. Contact us for more information.
