

OEM ODM Rechargeable 36v 48v 72v 100ah 200ah 300ah Lithium Ion Battery Lifepo4 Golf Cart Batteries

Our Product Introduction

for more products please visit us on enookbattery.com

Basic Information

- Place of Origin: China
- Brand Name: enook
- Certification: CE ROHS FCC UN38 .3 MSDS
- Model Number: Golf Cart Battery

Product Specification

- Advantages: Ultra Safe With Smart BMS
- Sizes: Customized
- Application: Golf Carts
- Environmentally Friendly: Yes
- Weight: Approx.44.7kg
- Warranty: 10 Year
- OEM/ODM: Yes
- Continuous Discharge Current: 150A
- Highlight: 48v Lithium Ion Golf Cart Battery, 72v Lithium Ion Golf Cart Battery, 36v Lithium Ion Golf Cart Battery

Product Description

Product Description:

The Lithium Ion Golf Cart Battery is a 72v battery pack, which means that it offers a high level of power and performance. With a peak discharge current of 300A, this battery pack is capable of delivering the power you need to keep your golf cart running at its best. Whether you're driving around the golf course or using your golf cart for other purposes, this battery pack is designed to deliver the performance and reliability you need.

One of the key features of the Lithium Ion Golf Cart Battery is its use of Grade A Automatic Cells. These cells are of the highest quality and are designed to provide exceptional performance and reliability. This means that you can trust this battery pack to deliver the power you need, when you need it. Whether you're using your golf cart for personal or commercial use, this battery pack is designed to meet your needs.

In addition to its exceptional performance and reliability, the Lithium Ion Golf Cart Battery also offers OEM/ODM options. This means that you can customize the battery pack to meet your specific needs and requirements. Whether you need a custom battery pack for your golf cart or for another application, this battery pack can be tailored to meet your needs.

In summary, the Lithium Ion Golf Cart Battery is a high-performance and reliable battery pack that is designed to power your golf cart. With its Lithium Iron Phosphate technology, 72v battery pack, Grade A Automatic Cells, and OEM/ODM options, this battery pack is the perfect choice for anyone looking for a durable, high-performance battery pack for their golf cart or other application. So why wait? Order your Lithium Ion Golf Cart Battery today and experience the difference for yourself!

Tracked by mobile phone

GPS

GPS Positioning
Optional

The batteries with GPS positioning function help for tracking the golf cars it is very popular for golf carts leasing companies.

Over 16 Years industry experience in Lithium Ion Batteries

High Discharge Current

Customized BMS, Support High Discharge Current

Features:

Product Name: Lithium Ion Golf Cart Battery

Advantages: Ultra Safe With Smart BMS

Peak Discharge Current: 300A

Working Temperature: -20-65

Voltage/Capacity: 36V, 48V, 51.2V, 72V

Keywords: Lifepo4 Battery, Golf Cart Battery

72v battery pack

Approx. 4.0~40.0kg

LiFePO4 Battery for Golf Carts(OEM/ODM Acceptable!)**TECHNICAL SPECIFICATION**

Model	Nominal Voltage	Nominal Capacity	Energy(KWH)	Dimension(L*W*H)	Weight(KG)
36V					
LM3650	38.4V	50Ah	1.92KWH	385*338*245mm	27KG
LM36105	38.4V	105Ah	4.032KWH	385*338*245mm	34KG
48V					
LM4850	51.2V	50Ah	2.56KWH	416*334*232mm	35KG
LM48105	51.2V	105Ah	5.376KWH	472*334*243mm	43.6KG
LM48160	51.2V	160Ah	8.192KWH	827*330*232mm	72KG
72V					
LM72105	73.6V	105Ah	7.728KWH	740*320*259mm	64KG
LM72160	73.6V	160Ah	11.77KWH	800*475*221mm	115KG

Golf Cart

LiFePO4 Battery

- Support Big Current for Climbing hills(200A/250A/300A)
- GPS Positioning
- BT monitoring/Display Screen optional
- Grade A Famous LiFePO4 Prismatic Cell
- Low Temperature Heated System
- Longer cycle life, safer
- Print your own brand**

24V/36V/72V

5 Years Warranty

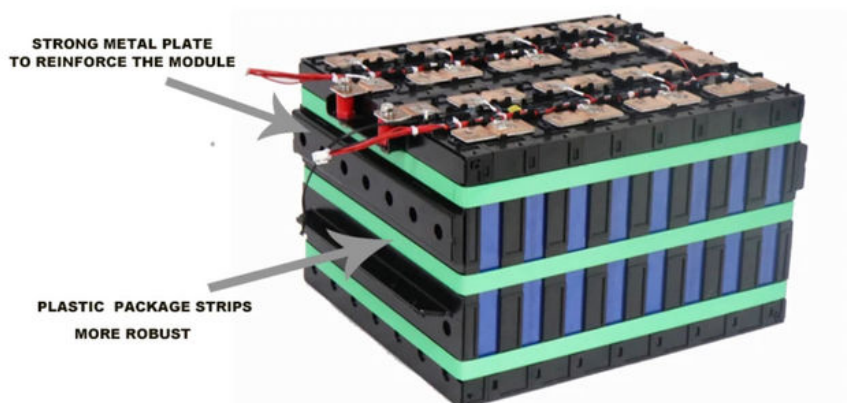

Technical Parameters:

Product Name	Golf Cart Battery
Availability	In Stock
Battery cells	Grade A Automatic Cells
Peak discharge current	300A
Cycle Life	>4000 Cycles
Rechargeable	Yes
Working Temperature	-20-65
Size	472*334*243mm
Feature	BT Monitoring/GPS Display/Heating Optional
OEM/ODM	Yes
Weight	Approx. 4.0~40.0kg

NEW DESIGN

ENOOK®

GOLF CART BATTERY MODULE STRUCTURE
SAFER, ROBUST

51.2V 105AH HIGH QUALITY MODULE

Specifica	Parameter	LM48100
Nominal	Voltage	51.2V
	Capacity	105Ah
Physical	Dimension	472*334*243mm
	Weight	44.7KG
Electrical	Charge Voltage	58.4V
	Cut-Off Voltage	40V
	Continous Discharge Current	150A
	Peak discharge current	300A
Others	Working Temperature	-20-65°C
	Storage Temperature	0-45°C
	Cycle Life	>4000 Cycles

Applications:

The enook Golf Cart Battery is an environmentally friendly option for powering your golf cart. Lithium Iron Phosphate technology is used to create this battery pack, making it a high-performance and long-lasting option. This type of battery is known for its safety, reliability, and performance. The battery pack has a cut-off voltage of 40V, which ensures that it will provide consistent and reliable power to your golf cart.

This 72v battery pack is perfect for a range of different applications. It can be used in golf carts for private use or commercial use. It is also a great option for golf courses that are looking to upgrade their fleet of golf carts. The enook Golf Cart Battery is a reliable and durable option that will provide consistent power for your golf cart.

The enook Golf Cart Battery is currently in stock and available for purchase. It is a high-quality option that is designed to provide reliable and long-lasting power. Whether you are using your golf cart for private use or for commercial use, this battery pack is an excellent choice. So, if you are in the market for a 72v battery pack for your golf cart, the enook Golf Cart Battery is definitely worth considering.

Lithmate Can Provide Complete Battery System Solution

Charger, Voltage Reducer, Bracket, Display, Charger receptacle, etc

Customization:

Looking for a customized Lithium Ion Golf Cart Battery? Look no further than enook's Golf Cart Battery! Made in China with CE, ROHS, FCC, UN38.3 and MSDS certifications, this Lifepo4 Battery Golf Cart Battery has a charge voltage of 58.4V and is ultra safe with a Smart BMS. Weighing approximately 44.7kg, this battery comes with a 10-year warranty. Customize your battery with enook to fit your specific needs.

Don't forget to ask about our 72v battery pack options!

Ultra Safe Robust Durable Module Structure

48V 105Ah LiFePO4 Battery

Packing and Shipping:

Product Packaging:

1 Lithium Ion Golf Cart Battery

User manual

Shipping Information:

Shipping weight: 20 lbs

Shipping dimensions: 12" x 8" x 10"

Shipping carrier: FedEx

Estimated delivery time: 3-5 business days

PACKAGING & SHIPPING

A. PACKING

- 1). Best Quality 5-layers exporting carton or Customized Outer Packaging for Paper Bags;
- 2). Carton Size: Customized or based on actual weight and volume.

B. TRANSPORT

- 1). By Express (3-15 working days), there are express shipping or economic shipping, suitable for Small Quantity.
- 2). By Train (30-50 days), for EU Country, including customs clearance, all the import tax fees, and UPS delivery to the door.
- 3). By Sea (30-45 days), it is suitable for regular Mass Production.

Please tell us your requirement about the Shipping, so that we can provide solution to save your budget and meet your needs!
