

Grade A Automatic Cells Lithium Ion Golf Cart Battery For OEM/ODM Requirements

Our Product Introduction

for more products please visit us on enookbattery.com

Basic Information

- Place of Origin: China
- Brand Name: enook
- Certification: CE ROHS FCC UN38 .3 MSDS
- Model Number: Golf Cart Battery

Product Specification

- Voltage/Capacity: 36V、48V、51.2V、72V
- Cut-Off Voltage: 40V
- Warranty: 10 Year
- Storage Temperature: 0-45
- Battery Cells: Grade A Automatic Cells
- Charge Voltage: 58.4V
- Weight: Approx.44.7kg
- Feature: BT Monitoring/GPS Display/Heating Optional
- Highlight: OEM Lithium Ion Golf Cart Battery ,
ODM Lithium Ion Golf Cart Battery

Product Description

Product Description:

In addition to its superior temperature range, the Lithium Ion Golf Cart Battery has a number of other features that make it an excellent choice for golf cart owners. One of these features is its cut-off voltage of 40V, which ensures that the battery is protected from over-discharge and damage. This helps to prolong the life of the battery and ensure that it continues to operate at peak performance for years to come.

The Lithium Ion Golf Cart Battery is also designed to be lightweight and compact, with an approximate weight of 4.0~40.0kg. This makes it easy to install and transport, and ensures that it doesn't add unnecessary weight to your golf cart. Despite its lightweight design, the battery is capable of delivering a peak discharge current of 300A, which makes it ideal for powering larger golf carts or those with higher power requirements.

Overall, the Lithium Ion Golf Cart Battery is an excellent choice for golf cart owners who are looking for a high-quality battery that can deliver reliable performance in a variety of different environments. Its LiFePO4 technology, wide temperature range, and lightweight design make it a standout product in its category, and ensure that it will provide years of reliable service for its owners.

Tracked by mobile phone

GPS Positioning

Optional

The batteries with GPS positioning function help for tracking the golf cars it is very popular for golf carts leasing companies.

Over 16 Years industry experience in Lithium Ion Batteries

High Discharge Current

Customized BMS, Support High Discharge Current
150A/200A/250A/300A

Over 16 Years industry experience in Lithium Ion Batteries

Features:

Product Name: Lithium Ion Golf Cart Battery

Feature: BT Monitoring/GPS Display/Heating Optional

Charge Voltage: 58.4V

Application: Golf Carts

Keywords: Lifepo4 Battery, Golf Cart Battery, Lithium Iron Phosphate

Cycle Life: >4000 Cycles

Weight: Approx. 4.0~40.0kg

Ultra Safe Robust Durable Module Structure

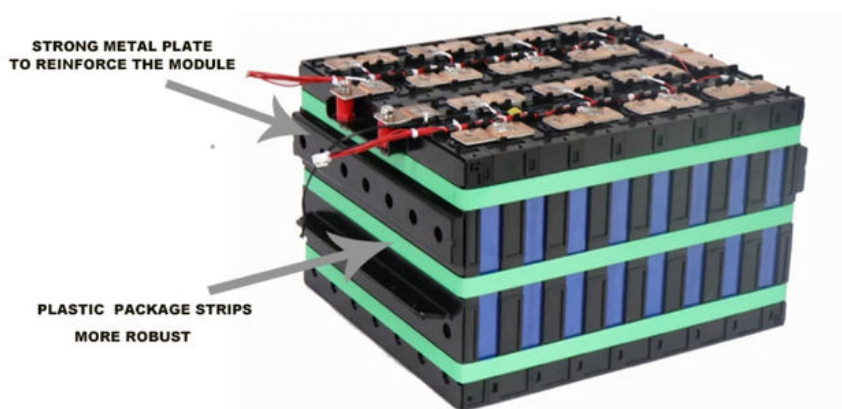

Technical Parameters:

Product Name	Golf Cart Battery
Voltage/Capacity	36V,48V,51.2V,72V
Peak discharge current	300A
Cycle Life	>4000 Cycles
Working Temperature	-20-65
Storage Temperature	0-45
Warranty	10 Year
Availability	In Stock
OEM/ODM	Yes
Environmentally Friendly	Yes

NEW DESIGN

ENOOK®

GOLF CART BATTERY MODULE STRUCTURE SAFER, ROBUST

51.2V 105AH HIGH QUALITY MODULE

Applications:

The 72v battery pack provides ample power to keep your golf cart running for extended periods, making it perfect for use on long courses or during tournaments. With a 10-year warranty, you can trust that this battery will provide reliable performance for years to come. Thanks to its CE, ROHS, FCC, UN38.3, and MSDS certifications, you can trust that the enook Golf Cart Battery meets industry standards for safety and reliability.

Whether you're a professional golfer or a hobbyist, the enook Golf Cart Battery is a versatile and reliable power source that can help you get the most out of your cart.

Some of the application occasions and scenarios for the enook Golf Cart Battery include:

Use during golf tournaments to ensure your cart has the power it needs to keep up with the pace of play.

On long courses where you need a reliable power source to keep your cart running from hole to hole.

For golf course owners who need a reliable power source for their fleet of golf carts.

For outdoor events where a golf cart is needed to transport people or equipment.

The enook Golf Cart Battery is an essential accessory for any golf enthusiast who wants to ensure their cart runs smoothly and reliably. With its lightweight design, powerful 72v battery pack, and long warranty, this battery is an investment you won't regret.

Lithmate Can Provide Complete Battery System Solution

Charger, Voltage Reducer, Bracket, Display, Charger receptacle, etc

Customization:

Solar Energy Storage Systems Lithium Batteries Pack 48V/60V/72V 100ah/200ah Lifepo4 Lithium ion Battery for Solar Panel

We are LIFEP04 battery manufacturer! We are in this Battery Business over 10 years!

We can do OED/ODM service!

We can offer Wall mounted battery with RS485 RS232 CANbus Protocol, BT functions!

We can customize any capacity Battery and size you want, If you have requirements, please write to me, thank you!

We offer Pouch LifePO4 cell & Prismatic LifePO4 cell!

LiFePO4 Battery for Golf Carts(OEM/ODM Acceptable!)					
TECHNICAL SPECIFICATION					
Model	Nominal Voltage	Nominal Capacity	Energy(KWH)	Dimension(L*W*H)	Weight(KG)

Golf Cart

LiFePO4 Battery

- Support Big Current for Climbing hills(200A/250A/300A)
- GPS Positioning
- BT monitoring /Display Screen optional
- Grade A Famous LiFePO4 Prismatic Cell
- Low Temperature Heated System
- Longer cycle life, safer
- **Print your own brand**

24V/36V/72V
5 Years Warranty

Packing and Shipping:

Product Packaging:

1 Lithium Ion Golf Cart Battery

1 Battery Charger

User Manual

Shipping Information:

Ships within the United States only

Free standard shipping

Estimated delivery time: 5-7 business days

Tracking information will be provided via email

PACKAGING & SHIPPING

A. PACKING

- 1). Best Quality 5-layers exporting carton or Customized Outer Packaging for Paper Bags;
- 2). Carton Size: Customized or based on actual weight and volume.

B. TRANSPORT

- 1). By Express (3-15 working days), there are express shipping or economic shipping, suitable for Small Quantity.
- 2). By Train (30-50 days), for EU Country, including customs clearance, all the import tax fees, and UPS delivery to the door.
- 3). By Sea (30-45 days), it is suitable for regular Mass Production.

Please tell us your requirement about the Shipping, so that we can provide solution to save your budget and meet your needs!
