Basic Information

- Brand Name: enook
- Certification: CE ROHS FCC UN38 .3 MSDS
- Model Number: portable solar power station
- Minimum Order Quantity: 4

Product Specification

- Special Features: Type C, Flashlight, RV Port, Cigar Lighter
- Battery Type: Lithium-ion
- DC Output: USB-C
- Discharge Temperature: -4-113°F/-20-45°C
- Voltage: AC110~220V
- Product Name: Portable Power Station
- Inverter Type: Pure Sine Wave
- Model: LA1000W
- Highlight: Inverter Type Portable Power Station,
500W Portable Power Station,
Foldable Solar Panel Portable Power Station

Features:

Product Name: Portable Power Stations

Discharge temperature: -4-113°F/-20-45°C

Inverter Type: Pure Sine Wave

Special Features:

Type C

Flashlight

RV Port

Cigar Lighter

Output Wave: 1000W Sine Wave

Product Size: 9.84*5.51*6.69in/ 250*140*170mm

Compatible with:

AC Adaptor

Car

Solar Panel

Solar Power Station

AC Adaptor

Car

Solar Panel

Technical Parameters:

Product name	Portable Power Station
Model	LA1000W
DC output	USB-C
Working humidity	10-90%
Battery	LiFePO4 Lithium Ion
Inverter Type	Pure Sine Wave
Product Size	9.84*5.51*6.69in/ 250*140*170mm
Voltage	AC110~220V
Battery Type	Lithium-ion

Applications:

One of the key features of the enook Portable Solar Power Station is its pure sine wave inverter, which ensures that your devices will receive a steady and reliable source of power. This makes it ideal for powering sensitive electronics such as laptops, smartphones, and medical equipment.

The enook Portable Solar Power Station is also incredibly easy to use. It can be charged using an AC adaptor, a car charger, or a solar panel (sold separately), so you can always keep it powered up no matter where you are. Its compact size (9.84*5.51*6.69in/ 250*140*170mm) and lightweight design make it easy to carry with you wherever you go, so you'll always have access to power when you need it.

Some of the occasions and scenarios where the enook Portable Solar Power Station can be incredibly useful include:

Camping trips: Keep your devices charged and powered up while you're out in nature.

RV trips: Have access to reliable power while you're on the road.

Emergency preparedness: Be prepared for power outages and other emergencies with a portable power source.

Outdoor events: Power lights, speakers, and other equipment at outdoor events.

Remote work: Power laptops, routers, and other equipment when working in remote locations.

The enook Portable Solar Power Station is also certified by CE ROHS FCC UN38.3 MSDS, ensuring that it meets high quality and safety standards. The minimum order quantity is 4 and it has a working humidity range of 10-90%.

Overall, the enook Portable Solar Power Station is a versatile and reliable source of power that can be used in a variety of occasions and scenarios. Its pure sine wave inverter, multiple charging options, and portable design make it an excellent choice for anyone who needs access to reliable power on the go.

Applications

Solar street lamp

RV energy storage

Emergency rescue

Backup power for outdoor camping

Customization:

Our Portable Power Station is perfect for outdoor activities and emergencies. It features a USB-C DC output and can be powered by an AC adaptor, solar panel, or other power source. The battery type is Lithium-ion, providing you with a reliable and long-lasting power source.

Keywords: Outdoor Portable Emergency Power Station, high capacity portable solar power station, high capacity portable solar power station, high capacity portable solar power station

Support and Services:

Our Portable Power Stations are designed to provide reliable and efficient power solutions for a wide range of applications, including outdoor activities, emergency situations, and job sites.

We offer comprehensive technical support and services to ensure that your Portable Power Station meets your needs and performs optimally. Our team of experienced technicians is available to answer any questions you may have about the product and provide guidance on its use and maintenance.

In addition, we offer a range of services to help you get the most out of your Portable Power Station, including:

[Installation and setup support](#)

[Warranty and repair services](#)

[Replacement parts and accessories](#)

[Product training and user manuals](#)

Our goal is to provide you with the highest level of customer satisfaction, and we are committed to ensuring that your Portable Power Station meets your expectations and performs reliably for years to come.

Packing and Shipping:

Product Packaging:

The Portable Power Station comes in a sturdy cardboard box, designed to protect the product during shipping. Inside the box, the product is securely wrapped in bubble wrap and placed in a foam insert to prevent any damage during transportation.

Shipping:

Orders are processed within 24 hours of purchase and shipped via standard ground shipping. Shipping times may vary depending on the destination, but typically take 3-5 business days. Customers will receive a tracking number via email once their order is shipped.
