

500Wh LiFePo4 Battery Home Energy Storage Solar Charging 1000W Portable Power Station

Our Product Introduction

for more products please visit us on enookbattery.com

Basic Information

- Brand Name: enook
- Certification: CE ROHS FCC UN38 .3 MSDS
- Model Number: portable solar power station
- Minimum Order Quantity: 4

Product Specification

- Discharge Temperature: -4-113°F/-20-45°C
- Voltage: AC110~220V
- Model: LA1000W
- Battery: LiFePO4 Lithium Ion
- Product Size: 9.84*5.51*6.69in/ 250*140*170mm
- Power Source: AC Adaptor, Solar Panel, Other
- Special Features: Type C, Flashlight, RV Port, Cigar Lighter
- Product Name: Portable Power Station
- Highlight: **Solar Chargingd Portable Power Station, 1000W Portable Power Station, 500Wh LiFePo4 Battery Home Energy Storage**

Product Description

Product Description:

This power station is equipped with a Pure Sine Wave inverter, which provides clean and stable power to your devices, ensuring their safe and efficient operation. The fast charging Lifepo4 battery ensures that your devices are charged quickly so that you can stay connected no matter where you are.

Whether you're camping, hiking, or in an emergency situation, this Outdoor Portable Emergency Power Station is the perfect backup power source. It can power up your devices quickly and efficiently, providing you with the peace of mind you need when you're away from home.

The LA1000W Portable Power Station is capable of providing power to a wide range of devices, including laptops, smartphones, tablets, and more. Its multiple charging options, including AC Adaptor, Car, and Solar Panel, make it incredibly versatile and adaptable to your specific power needs.

With a working humidity range of 10-90%, this power station can withstand a wide range of environmental conditions. It's designed to be durable and reliable, making it the perfect choice for those who need a dependable power source that can handle whatever the outdoors throws its way.

100-220V Pure Sine Wave Output

Outdoor drive Leisure best companion

One product is enough

Great for Camping/Work/Home/outdoor sports

Function features

Overload
Protection

Fast charge 1.5 hours

Wattage output 1000W

Features:

Product Name: Portable Power Station

Model: LA1000W

Keywords: Outdoor Portable Emergency Power Station, Outdoor Camping Portable Energy Battery, high capacity portable solar power station

Inverter Type: Pure Sine Wave

DC Output: USB-C

Small home appliances

Emergency lighting

1000W Solar Energy

Sine wave output

Multiple output ports

Quick charging and wireless charging are available

Pure Sine Wave

Pure sine wave lossless electrical appliances

Friendly for electric Electrical appliances Long life cycle, Over 2000 cycles

Technical Parameters:

Product Name	Portable Power Station
Model	LA1000W
Power Source	AC Adaptor, Solar Panel, Other
Inverter Type	Pure Sine Wave
Voltage	AC110~220V
Battery Type	Lithium-ion (LiFePO4)
Battery	Fast Charging LiFePO4 Lithium Ion
Special Features	Type C, Flashlight, RV Port, Cigar Lighter
Working Humidity	10-90%

1000W Portable Back-up Power Station

AC /DC / USB/ LED Lighting / Car charger outlet

Applications:

One of the main applications of the enook Portable Solar Power Station is for outdoor activities such as camping, hiking, and fishing. It is lightweight and compact, with a product size of 9.84*5.51*6.69in/ 250*140*170mm, making it easy to carry and transport. The solar panels on the unit allow you to recharge it using the power of the sun, making it a convenient and eco-friendly option for outdoor adventures.

The enook Portable Solar Power Station can also be used as a backup power source in case of power outages or emergencies. It has a pure sine wave inverter type, which means it can power sensitive electronics such as laptops and medical equipment without risk of damage. It has a high capacity battery, allowing it to power multiple devices for extended periods of time.

Additionally, the enook Portable Solar Power Station can be used for off-grid living situations such as cabins or RVs. It can power appliances such as refrigerators and lights, providing a reliable source of electricity without the need for traditional power sources.

The unit has a wide range of operating temperatures, with a discharge temperature range of -4-113°F/-20-45°C and a working humidity range of 10-90%. This makes it suitable for use in a variety of environments and weather conditions.

Please note that the minimum order quantity for the enook Portable Solar Power Station is 4 units. So whether you are an avid outdoor adventurer, preparing for emergencies, or living off-grid, the enook Portable Solar Power Station is a reliable and convenient solution.

Applications

Solar street lamp

RV energy storage

Emergency rescue

Backup power for outdoor camping

Customization:

Customization options include branding, model number, and packaging. AC Adaptor and Car options are also available. Additionally, customers can opt to include a Solar Panel to make it a Solar Power Station.

Support and Services:

Our Portable Power Stations come with a comprehensive technical support and services package to ensure that you have the best possible experience using our products. Our team of experts is available to answer any questions you may have about the product, including installation, setup, and troubleshooting. We also offer repair and maintenance services, as well as a warranty on our products. In addition, we provide online resources such as user manuals and FAQs to help you get the most out of your Portable Power Station. Our goal is to provide you with reliable and efficient power solutions, and we are committed to ensuring your satisfaction with our products and services.

Packing and Shipping:

Product Packaging:

The Portable Power Stations will be packaged securely to ensure safe transportation. Each unit will be placed in a sturdy cardboard box that is designed to protect against any potential damage during shipping. The box will also include any necessary accessories, such as charging cables and instruction manuals.

Shipping:

Orders for the Portable Power Stations will be shipped through a reputable courier service to ensure timely and safe delivery. Shipping times may vary depending on the destination, but customers will receive a tracking number to monitor their package's progress. We strive to provide fast and efficient shipping to all of our customers.
