

500W Solar Generator Solar Charging Portable Power Station Off Grid For Outdoor Camping

Our Product Introduction

for more products please visit us on enookbattery.com

Basic Information

- Brand Name: enook
- Certification: CE ROHS FCC UN38 .3 MSDS
- Model Number: portable solar power station
- Minimum Order Quantity: 4

Product Specification

- Battery: LiFePO4 Lithium Ion
- Model: LA1000W
- DC Output: USB-C
- Inverter Type: Pure Sine Wave
- Product Size: 9.84*5.51*6.69in/ 250*140*170mm
- Power Source: AC Adaptor, Solar Panel, Other
- Battery Type: Lithium-ion
- Working Humidity: 10-90%
- Highlight: **500W Solar Generator Portable Power Station, Portable Power Station Solar Generator, Outdoor Camping Solar Generator**

Product Description

Product Description:

With a wide range of temperature tolerance, this power station can operate in temperatures ranging from -4-113°F/-20-45°C. Whether you're in the middle of the desert or the cold mountains, you can rely on this power station to provide you with the energy you need. The power source for this power station includes AC Adaptor, Solar Panel, and Other sources, making it versatile and convenient to charge. You can charge it up at home before you leave or take advantage of the sun's energy while you're out and about. The inverter type for this power station is Pure Sine Wave, which ensures that your devices are powered smoothly and efficiently. You won't have to worry about any power surges or fluctuations damaging your devices. The battery for this power station is a LiFePO4 Lithium Ion battery, which is known for its high performance, reliability, and safety. You can rest assured that your power station will last for years to come and provide you with the energy you need whenever and wherever you need it.

Features:

Product Name: Portable Power Stations

Voltage: AC110~220V

Power Source: AC Adaptor, Solar Panel, Other

Special Features: Type C, Flashlight, RV Port, Cigar Lighter

DC output: USB-C

Inverter Type: Pure Sine Wave

Solar Power Station: Yes, with Solar Panel power source

AC Adaptor: Yes, as a power source

Car: Yes, with Cigar Lighter port

500W Portable Back-up Power Station

AC /DC / USB/ LED Lighting / Car charger outlet

Uniphase
output

Three charging
methods

Sine Wave

Safety design
six protections

110V/220V
output

Technical Parameters:

Product Name	Portable Power Station
Model	LA1000W
Special Features	Type C, Flashlight, RV Port, Cigar Lighter
Discharge Temperature	-4-113°F/-20-45°C
Inverter Type	Pure Sine Wave
Voltage	AC110~220V
Product Size	9.84*5.51*6.69in/ 250*140*170mm
Working Humidity	10-90%

Product Name	Portable Power Station
Power Source	AC Adaptor, Solar Panel, Other

Keywords: Outdoor Camping Portable Energy Battery, Solar Power Station, Outdoor Cabinet Energy Storage

Applications:

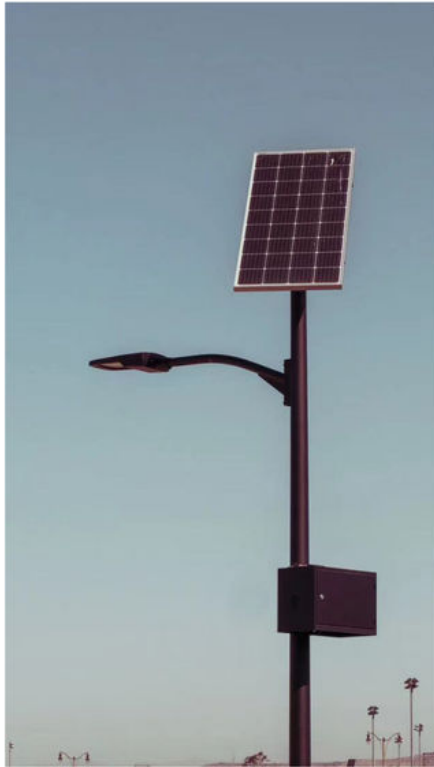

The enook Portable Power Station has a voltage of AC110~220V, making it convenient for use with various devices. It is compact in size, measuring 9.84*5.51*6.69in/ 250*140*170mm, and comes equipped with a LiFePO4 Lithium Ion battery that offers excellent performance and longevity.

One of the standout features of this product is its versatility. You can charge it using an AC adaptor, a car, or a solar panel, making it an excellent choice for those who love to travel. The pure sine wave technology ensures that your devices are protected from power surges and fluctuations, ensuring their longevity.

If you're an outdoor enthusiast, the enook Portable Power Station is a must-have. It's perfect for camping trips, hiking excursions, and other outdoor adventures. You can use it to power your phone, tablet, laptop, or other electronic devices, ensuring that you stay connected even when you're off the grid.

Additionally, the enook Portable Power Station is an excellent choice for those looking for an outdoor cabinet energy storage solution. It's perfect for storing energy from your solar panels, ensuring that you have power when you need it. Overall, the enook Portable Power Station is a versatile and reliable product that is perfect for a wide range of applications.

Applications

Solar street lamp

RV energy storage

Emergency rescue

Backup power for outdoor camping

Customization:

Our minimum order quantity is 4, perfect for small businesses, outdoor enthusiasts, and emergency preparedness kits. The inverter type is pure sine wave, providing a clean and stable power source for your devices.

With multiple power sources including AC Adaptor, Solar Panel, and other options, you can customize your power station to fit your needs. Voltage ranges from AC110-220V, and it works in a wide range of humidity levels from 10-90%.

Whether you're camping, traveling by car, or just need a reliable power source during an outage, our Portable Power Station is the perfect solution. Customize yours today with our product customization services!

Support and Services:

Our Portable Power Stations are designed to provide reliable and efficient power solutions for your outdoor and emergency needs. Our technical support and services include:

Expert customer support to answer any product-related questions or concerns.

Product maintenance and repair services to ensure your power station is always in optimal condition.

Product troubleshooting and diagnostics to identify and resolve any issues you may encounter.

Product accessories and replacement parts to enhance and extend the lifespan of your power station.

Product warranty and returns services to ensure your satisfaction and peace of mind.

Packing and Shipping:

Product Packaging:

- 1 Portable Power Station
- 1 AC Wall Charger
- 1 Car Charger
- 1 User Manual

Shipping:

Ships within 24 hours of purchase

Free standard shipping within the United States

International shipping available at an additional cost
