Solar Generator 1000Wh UPS Portable Power Station Backup Energy Storage **Battery Emergency Power Supply For Home**

Basic Information

- Brand Name:
- Certification:
- Model Number:
- Minimum Order Quantity:

enook

4

- CE ROHS FCC UN38 .3 MSDS
- portable solar power station

Product Specification

- Working Humidity: 10-90%
- Discharge Temperature: -4-113°F/-20-45°C
- Output Wave: 1000W Sine Wave
- Special Features: Type C, Flashlight, RV Port, Cigar Lighter
- AC110~220V • Voltage:
- Model: LA1000W
- Keywords: Outdoor Portable Emergency Power Station
- Battery: LiFePO4 Lithium Ion
- Highlight: **Emergency Power Supply Portable Power** Station

, 1000Wh Portable Power Station, Solar Generator UPS Portable Power Station

Product Description:

The Portable Power Station is compact and easy to carry, with a size of 9.84*5.51*6.69in/ 250*140*170mm, making it perfect for travel. It also comes with a flashlight, perfect for when you need to navigate through the dark, and an RV Port and Cigar Lighter, making it perfect for use with your RV or car.

This Portable Power Station also comes with Type C connectivity, making it compatible with a range of devices. With its durable construction and high-quality materials, this Solar Power Station is built to last. It has a working humidity range of 10-90%, making it suitable for use in a variety of environments.

Whether you're camping in the wilderness or facing a power outage, our Portable Power Station is the perfect solution. With its reliable performance and easy-to-use design, it's sure to become an essential part of your outdoor gear.

300W PORTABLE POWER STATION

ENOOK

Features:

1.LiFePO4 lithium battery 2000 cycling times, intelligent BMS system, safe and long service life. 2.Multiple output: AC 110V/220V 300W output;5V USB-A output;5V,9V,12V USB-C output;12V cigarette lighter output;12V DC5521 output;12V 3W LED lighting. 3. 3 charging ways: AC to DC adaptor charging; PV

charging; Car charging. 4.Perfect cooling: In-built intelligent cooling fan and side ventilation hole design.

5.LCD display screen, real time monitoring the working state of the product.6. Applicable to indoor emergency power supply,

outdoor camping, fishing etc. scenarios. 7 Aluminum shell, light and compact, designed with movable handle, easy to carry.

8.CE,FCC,UN38.3+MSDS etc. certificated.

Specification

	3000	Portable Power Station		
Model		LA300W		
		General		
Battery capacity		256WH		
Cell type		LIFePO4		
Dimension(L*W*H)		9.84*5.51*6.69in/250*140*170mm		
Discharge temperature		-4-113°F/-20-45°C		
Working humidity		10-90%		
		AC Output		
Rated power		300W		
Waveform		Pure sine wave		
Voltage		110VAC/120VAC		220-240VAC
		DC Output		
Cigarette lighter port*1	Voltage	12V		
	Current	5A default; 10A,15A optional

Technical Parameters:

Technical Parameter	Description	
Voltage	AC110~220V	
DC Output	USB-C	
Battery	LiFePO4 Lithium Ion	
Power Source	AC Adaptor, Solar Panel, Other	
Output Wave	1000W Sine Wave	
Working Humidity	10-90%	
Special Features	Type C, Flashlight, RV Port, Cigar Lighter	
Inverter Type	Pure Sine Wave	
Product Name	Portable Power Station	

This high-capacity portable solar power station is perfect for outdoor, portable, and emergency situations. It can be powered by an AC adaptor, car, or solar panel, making it a versatile and reliable solar power station.

Applications:

The enook Portable Power Station is a high capacity portable solar power station with a capacity of up to 250Wh. It can be charged by an AC adaptor, solar panel, or other power sources. This makes it an excellent option for off-grid activities such as camping, hiking, and outdoor adventures.

The Portable Power Station is also an excellent choice for emergency power supply. In case of a power outage or natural disaster, the Portable Power Station can provide power for essential devices such as phones, radios, and medical equipment.

The enook Portable Power Station has a compact size of 9.84*5.51*6.69in/ 250*140*170mm, making it easy to carry and transport. Its DC output includes USB-C and other ports, which can power various devices such as laptops, tablets, and smartphones.

The Portable Power Station is certified by CE, ROHS, FCC, UN38 .3, and MSDS, ensuring its safety and reliability. Its inverter type is pure sine wave, which provides clean and stable power for sensitive devices.

The minimum order quantity for the enook Portable Power Station is four units, making it an excellent option for group activities such as camping trips or outdoor events.

In summary, the enook Portable Power Station is an excellent option for outdoor, portable, and emergency power supply scenarios. Its high capacity, multiple power sources, and compact size make it a versatile and reliable power source for various occasions and devices.

Customization:

Our Portable Solar Power Station is certified by CE, ROHS, FCC, UN38.3, and MSDS, ensuring its safety and reliability. The minimum order quantity for customization is 4 units. The power station can operate in temperatures ranging from -4-113°F/-20-45°C. Customize your enook Portable Solar Power Station with your preferred branding and unique features. This product is perfect for those looking for an outdoor portable emergency power station that can be used in various situations. Keywords: high capacity portable solar power station, Pure Sine Wave, AC Adaptor, Car, Solar Panel

Support and Services:

Our Portable Power Stations are designed to provide reliable and efficient power solutions for outdoor activities, emergency situations, and off-grid living. Our technical support team is available to assist with any questions or concerns regarding the operation and maintenance of our products.

We offer a range of services to ensure that our customers have the best possible experience with our Portable Power Stations. These services include:

Product installation and setup

Product maintenance and repair

Warranty and replacement services

Technical support and troubleshooting

Online resources and user manuals

Our goal is to provide excellent customer service and support, and we are committed to ensuring that our customers are satisfied with their purchase. Please do not hesitate to contact us if you have any questions or issues with your Portable Power Station.

PACKAGING

Shipping by

Professional suggestion to choose the best shipping delivery (Such as EMS DHL TNT UPS and FEDEX) for

your commodities according to your demand.

Packing and Shipping:

Product Packaging:

The Portable Power Station will be packed in a sturdy cardboard box with internal padding to ensure it arrives safely. The box will also include a user manual, a power cord, and any other necessary accessories. Shipping:

We offer free shipping for the Portable Power Station within the United States. Shipping typically takes 3-5 business days. For international orders, shipping costs will vary based on the destination and shipping method selected.
