Basic Information

- Place of Origin: China
- Brand Name: enook
- Certification: CE ROHS FCC UN38 .3 MSDS
- Model Number: Golf Cart Battery

Product Specification

- Charge Voltage: 58.4V
- Warranty: 10 Year
- Weight: Approx. 44.7kg
- Cycle Life: >4000 Cycles
- Product Name: Golf Cart Battery
- Application: Golf Carts
- Size: 472*334*243mm
- Availability: In Stock
- Highlight: 58.4V Golf Cart LiFePO4 Battery Pack ,
100ah Golf Cart LiFePO4 Battery Pack ,
200ah Golf Cart LiFePO4 Battery Pack

Product Description

Product Description:

Our Lithium Iron Phosphate Golf Cart Battery is a popular choice among golf cart owners due to its high performance and long-lasting durability. Weighing in at approximately 44.7kg, this battery is lightweight and easy to transport.

Not only does our Golf Cart Battery provide reliable power to get through a round of golf, but it also comes with a 10-year warranty for added peace of mind.

Whether you're a professional golfer or simply enjoy spending your weekends on the course, our Lithium Iron Phosphate Golf Cart Battery has you covered. Order now while it's still in stock and experience the difference for yourself!

Keywords: Lifepo4 Battery, Golf Cart Battery, Lithium Iron Phosphate

PRODUCT DETAILS

Easy to carry with handles

Help to vent internal gases

Intelligent one-button
control ON/OFF

Metal material is more sturdy

Features:

Product Name: Lithium Ion Golf Cart Battery

Battery cells: Grade A Automatic Cells

Peak discharge current: 300A

Continuous Discharge Current: 150A

Advantages: Ultra Safe With Smart BMS

Sizes: Customized

Approx. Weight: 4.0~40.0kg

Battery Type: Lithium Iron Phosphate

Intended Use: Golf Cart Battery

Manufacturer	ChangSha Enook Technology Co., Ltd. (golf cart battery)			
Voltage	36V 48V 60V 72V (optional)			
Capacity	72Ah	105Ah	160Ah	200Ah
Continuous Discharge Current	150A	250A	300A	300A
Peak Discharge Current	300A	600A	600A	800A
Certification	CE, UN38.3, MSDS, DGM Report			
Cycle Life	≥80% capacity after 3500 times			
Warranty	5 years			
Charger	Built-in waterproof charger (optional)			
Optional functions	BT, buzzers, heating, Communication Protocol, GPS etc.			
Application	Golf Cart/Cleaning Car/sightseeing car/patrol car/low speed car			

Grade **A** cells & built-in **200A BMS**

Applications:

The Enook Golf Cart Battery is available in a range of sizes, so you can choose the perfect battery for your specific needs. The sizes are customized to suit different golf carts. The battery is in stock and ready to ship, so you can get your new battery quickly.

The Enook Golf Cart Battery is lightweight, weighing approximately 4.0~40.0kg, making it easy to install and remove from your golf cart. Despite its lightweight design, this battery is incredibly powerful, with a peak discharge current of 300A and a charge voltage of 58.4V. This means that it can provide reliable and consistent power to your golf cart, allowing you to enjoy your game without any interruptions.

The Enook Golf Cart Battery is perfect for a range of different application occasions and scenarios. Whether you are a professional golfer, a golf course owner, or simply enjoy playing golf with friends, this battery is an excellent choice. It is also ideal for golf cart rental companies, who need a reliable battery that can withstand frequent use and heavy loads. With its long-lasting performance and durable design, the Enook Golf Cart Battery is the perfect choice for anyone who needs reliable power for their golf cart.
