

105ah 150ah 24v 36 volt 72V Lithium Iron Phosphate Battery Golf Cart Battery Long-Lasting

Our Product Introduction

for more products please visit us on enookbattery.com

Basic Information

- Place of Origin: China
- Brand Name: enook
- Certification: CE ROHS FCC UN38 .3 MSDS
- Model Number: Golf Cart Battery

Product Specification

- Battery Type: Lithium Iron Phosphate
- Keywords: Lifepo4 Battery Golf Cart Battery
- Weight: Approx.44.7kg
- Charge Voltage: 58.4V
- Cycle Life: >4000 Cycles
- Working Temperature: -20-65
- Battery Cells: Grade A Automatic Cells
- Rechargeable: Yes
- Highlight: 150ah Lithium Iron Phosphate Battery , 72V Lithium Iron Phosphate Battery , 72V Golf Cart Battery

Product Description

Product Description:

Designed specifically for golf carts, this battery is a reliable and efficient alternative to traditional lead-acid batteries. It is lightweight, weighing approximately 4.0~40.0kg, making it easy to handle and install. Its compact size also makes it easy to store, leaving you with more space in your golf cart.

The Lithium Ion Golf Cart Battery is a 72v battery pack, providing ample power to keep your golf cart running smoothly. Its Lithium Iron Phosphate composition ensures that it is safe and eco-friendly, making it the ideal choice for those who are environmentally conscious. With a working temperature range of -20-65 , this battery is built to withstand even the harshest weather conditions. Whether it's freezing cold or scorching hot, this battery will continue to perform at its best.

Overall, the Lithium Ion Golf Cart Battery is a reliable, efficient, and eco-friendly solution for all your golf cart battery needs. With its Grade A Automatic Cells, 10-year warranty, and impressive performance, you can't go wrong with this battery. Get yours today and experience the difference!

48V 105AH

LiFePO4 Golf Cart Battery

Features:

Product Name: Lithium Ion Golf Cart Battery

Battery Type: Lithium Iron Phosphate

Cut-Off Voltage: 40V

Storage Temperature: 0-45

Working Temperature: -20-65

Size: 472*334*243mm

Approximate Weight: 4.0~40.0kg

Continuous Discharge Current: 150A

2.8-INCH COLOR TOUCHSCREEN DISPLAY

Real-time view of
battery information

Applications:

With customized sizes available, the enook Golf Cart Battery is adaptable to a range of golf carts, providing ample power for a smooth, reliable ride.

The battery pack is lightweight, weighing in at approximately 4.0~40.0kg, making it easy to handle and install within your golf cart.

The enook Golf Cart Battery is built to withstand a wide range of temperatures, from -20 to 65 , ensuring that it remains reliable even in the most extreme conditions.

The cut-off voltage of the battery is 40V, providing ample power for extended use on the golf course.

This Lithium Ion Golf Cart Battery is suitable for a variety of applications, including use in golf carts for personal use or rental, golf course maintenance vehicles, and more. Its versatility and reliability make it an ideal choice for any golf cart application.

PRODUCT DETAILS

Easy to carry with handles

Help to vent internal gases

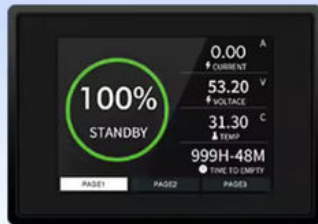

Intelligent one-button
control ON/OFF

Metal material is more sturdy

3 PAGES of monitoring modes

PAGE 1

Real-time display of battery current, voltage, temperature, etc.

PAGE 2

Controllable charge and discharge on and off modes.

PAGE 3

Display of voltage difference of the internal battery cells.

DESIGNED SPECIFICALLY FOR GOLF CARTS

Powering faster and longer for your golf cart!

APP Monitor with
Smart Phone

Support and Services:

The Lithium Ion Golf Cart Battery product comes with comprehensive technical support and services to ensure the best performance and longevity of the battery.

Our team of experts is available to provide assistance with installation, maintenance, and troubleshooting of the battery. We also offer regular firmware updates to improve the battery's functionality and performance.

In addition, we provide a warranty on the battery to ensure customer satisfaction and peace of mind. Our customer service representatives are available to answer any questions or concerns regarding the product.

Overall, our goal is to provide exceptional technical support and services to ensure the best experience with the Lithium Ion Golf Cart Battery product.
