

1000W Portable Power Station with Pure Sine Wave Inverter

Our Product Introduction

for more products please visit us on enookbattery.com

Basic Information

- Brand Name: enook
- Certification: CE ROHS FCC UN38 .3 MSDS
- Model Number: portable solar power station
- Minimum Order Quantity: 4

Product Specification

- Special Features: Type C, Flashlight, RV Port, Cigar Lighter
- Product Name: Portable Power Station
- Output Wave: 1000W Sine Wave
- Product Size: 9.84*5.51*6.69in/ 250*140*170mm
- Working Humidity: 10-90%
- Inverter Type: Pure Sine Wave
- Model: LA1000W
- Power Source: AC Adaptor, Solar Panel, Other
- Highlight: **1000W Portable Power Station,**
Pure Sine Wave Portable Power Station

Product Description

Product Description:

The Pure Sine Wave output wave of 1000W ensures that your devices receive clean and stable power, protecting them from damage caused by power surges. This feature makes this product perfect for use with sensitive electronic devices, such as laptops, cameras, and drones.

The Outdoor Portable Emergency Power Station is incredibly versatile, with multiple power sources including an AC adaptor, solar panel, and other options. This means that you can recharge your device with ease, even if you're in the middle of nowhere.

This Portable Power Station is also designed to withstand harsh outdoor conditions. It has a working humidity of 10-90%, making it perfect for use in a variety of environments. Whether you're camping in the mountains, exploring the desert, or enjoying a day at the beach, this product will provide you with the power you need to keep your devices charged and ready to use.

Overall, the Portable Power Station is a must-have for anyone who enjoys spending time outdoors. Its Lithium-ion battery type, Pure Sine Wave output wave of 1000W, and multiple power sources make it an incredibly reliable and versatile option. It is perfect for use as an Outdoor Camping Portable Energy Battery or an Outdoor Portable Emergency Power Station.

Features:

Product Name: Portable Power Stations

DC output: USB-C

Power Source: AC Adaptor, Solar Panel, Other

Output Wave: 1000W Sine Wave

Inverter Type: Pure Sine Wave

Keywords: Outdoor Portable Emergency Power Station

Can be powered by: Solar Power Station, AC Adaptor, Car

Compatible with: Solar Panel, AC Adaptor, Car

Technical Parameters:

Product Size	9.84*5.51*6.69in/ 250*140*170mm
Model	LA1000W
Working humidity	10-90%
Battery Type	Lithium-ion
Power Source	AC Adaptor, Solar Panel, Other
Voltage	AC110~220V
Product name	Portable Power Station
Output Wave	1000W Sine Wave
Discharge temperature	-4-113°F/-20-45°C
Inverter Type	Pure Sine Wave

This high capacity portable solar power station is designed for outdoor activities and emergencies. It can be charged via AC Adaptor, Car, or Solar Panel.

Applications:

Whether you're camping in the great outdoors, hosting a tailgate party, or need emergency power during a blackout, the enook Portable Solar Power Station has got you covered. With multiple power sources, including an AC adaptor, solar panel, and other options, you can charge your devices and appliances wherever you go.

The DC output features a USB-C port for fast and efficient charging, and the inverter is a pure sine wave, ensuring that your electronics are protected from power surges and fluctuations. The enook Portable Solar Power Station also boasts several special features, including a type C port, flashlight, RV port, and cigar lighter, making it the ultimate all-in-one power solution.

So whether you're looking for an energy storage solution for your outdoor adventures or need a reliable power source for your home or car, the enook Portable Solar Power Station is the perfect choice. With a minimum order quantity of 4, you can stock up on these power stations for all your needs.

Product Application Occasions and Scenarios:

Outdoor camping trips where electricity is not available, and you need to power your electronic devices.

Emergency power supply during a power outage at home or in the office.

Charging electronic devices on a long road trip in the car.

Powering up outdoor cabinets, energy storage, and other outdoor appliances.

Energy storage for tailgating parties, picnics, and other outdoor events.

Providing electricity to small-scale construction sites with limited power sources.

Get your enook Portable Solar Power Station today and enjoy reliable, efficient, and versatile power wherever you go!

Customization:

Customize your enook Portable Solar Power Station to fit your needs. Our product comes with the following features:

Brand Name: enook

Model Number: Portable Solar Power Station

Certification: CE ROHS FCC UN38.3 MSDS

Minimum Order Quantity: 4

Output Wave: 1000W Sine Wave

Working Humidity: 10-90%

Discharge Temperature: -4-113°F/-20-45°C

DC Output: USB-C

Special Features: Type C, Flashlight, RV Port, Cigar Lighter

Our Outdoor Camping Portable Energy Battery is perfect for any adventure. With its fast charging Lifepo4 battery, you'll never have to worry about running out of power. Customize your Portable Power Station today!
