

Customized 500w/1000w Portable Power Station For Outdoor Hiking

Our Product Introduction

for more products please visit us on enookbattery.com

Basic Information

- Brand Name: enook
- Certification: CE ROHS FCC UN38 .3 MSDS
- Model Number: portable solar power station
- Minimum Order Quantity: 4

Product Specification

- Power Source: AC Adaptor, Solar Panel, Other
- Special Features: Type C, Flashlight, RV Port, Cigar Lighter
- Product Size: 9.84*5.51*6.69in/ 250*140*170mm
- Output Wave: 1000W Sine Wave
- Product Name: Portable Power Station
- Keywords: Outdoor Portable Emergency Power Station
- Discharge Temperature: -4-113°F/-20-45°C
- Voltage: AC110~220V
- Highlight: outdoor hiking portable power station, 500w portable power station, 1000w portable power station

Product Description

Product Description:

The product size of 9.84*5.51*6.69in/ 250*140*170mm makes it compact and easy to carry with you wherever you go. It is also equipped with a Pure Sine Wave inverter type, which ensures that the power output is stable and safe for your devices.

One of the special features of this Portable Power Station is its Type C port, which allows you to charge your devices faster and more efficiently. It also has a built-in flashlight, which comes in handy during emergencies or when you need to navigate through dark areas.

The RV port and cigar lighter are also included, making it a versatile power source for your outdoor activities.

The Portable Power Station can be used in a wide range of temperatures, with a discharge temperature range of -4-113°F/-20-45°C. This means that you can rely on it even in extreme weather conditions.

Overall, the Outdoor Portable Emergency Power Station is a must-have for anyone who enjoys spending time outdoors and needs a reliable power source. Its high capacity Lithium-ion battery, compact size, and special features make it a top choice for outdoor enthusiasts.

Features:

methods

Sine Wave

Safety design
six protections

110V/220V
output

Technical Parameters:

Product Name:	Portable Power Station
Model:	LA1000W
Battery Type:	Lithium-ion
Special Features:	Type C, Flashlight, RV Port, Cigar Lighter
DC Output:	USB-C
Inverter Type:	Pure Sine Wave
Voltage:	AC110~220V
Working Humidity:	10-90%

Discharge Temperature:	-4-113°F/-20-45°C
Keywords:	Portable Power Station, Solar Power Station, Pure Sine Wave

Applications:

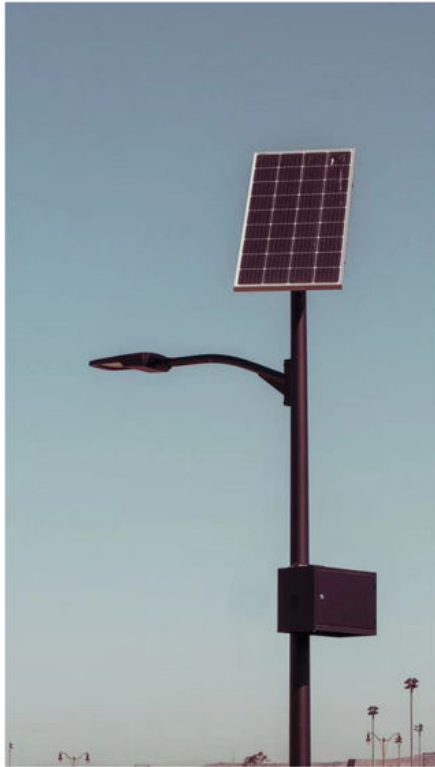

Whether you're camping, hiking, or simply need a reliable power source during a power outage, this Portable Power Station is a great choice. It is CE, ROHS, FCC, UN38.3, and MSDS certified, ensuring that it meets the highest safety standards.

The inverter type is Pure Sine Wave, which is ideal for sensitive electronics such as laptops, cameras, and medical devices. The voltage range is AC110~220V, making it compatible with a wide range of devices.

This Portable Power Station is a must-have for anyone who needs a reliable and efficient power source on the go. With a minimum order quantity of 4, it is perfect for families or groups who love to camp or spend time outdoors.

Overall, the enook Portable Power Station is a versatile and reliable power source that can be used in a variety of situations. Its high capacity and Pure Sine Wave output make it the perfect choice for outdoor cabinet energy storage, camping trips, and power outages. Get yours today and never be without power again!

Applications

Solar street lamp

RV energy storage

Emergency rescue

Backup power for outdoor camping

Customization:

Our portable power station can be powered through AC Adaptor, Solar Panel, or other power sources, making it suitable for a variety of situations. It has a voltage range of AC110~220V and model number LA1000W.

The minimum order quantity for customization is 4 units. Customize your enook Portable Solar Power Station today for your Outdoor Cabinet Energy Storage needs.

Packing and Shipping:

Product Packaging:

The Portable Power Stations come in a sturdy cardboard box that has been designed to protect the product during shipping and storage. The box is labeled with the product name and specifications for easy identification. Inside the box, you will find the Portable Power Station, a user manual, and a charging cable.

Shipping:

All orders will be shipped within 24 hours of purchase. We offer free standard shipping for all orders within the United States. International shipping rates may vary and will be calculated at checkout. We use trusted shipping carriers to ensure that your order is delivered safely.

and on time. Once your order has been shipped, you will receive a tracking number via email, so you can track your package every step of the way.
